

Monday, March 1st 2021,

Dear Customers and suppliers,

It is with great pride that we are excited to announce that Technorol Inc has acquired Papco Inc on March 1st 2021.

This, in order to offer a more complete product range and to complement our offering, Technorol-Innovachon and Papco are now united and integrated under one roof.

You are welcomed to come and visit us at:

À propos de Technorol-Innovachon-Papco :

Since 1990, **Technorol-Innovachon** ideally positioned itself to proote a dynamic **"BUNDLING"** approach" and a concept of **"EVERYTHING UNDER ONE ROOF"** for the Canadian Market . We manufactures rubber rollers, converts printing & coating blankets and distributes products, such as: Lithographic plates, plate chemicals, cleaners and conditioners, washes for blankets and rollers, solvents, fountain solutions and additives, water-based and UV varnishes, silicone emulsions, inks, aerosols, offset powder, automatic cleaner cloths, packing, various filters, antistatic products, and many other pressroom products. Also, we always offers technical support and training on our products and applications.

****Recently with the acquisition of PAPCO inc fully intégrated into Technorol, we are offering all papers & envelops for duplicators, photocopiers and digital printing.**
